Dear Hiring Team,

I am writing to express my interest in the Data Engineer position at BCG. With a solid 2-year background, I excel in SQL, Python, PySpark, AWS, and ETL. My expertise includes Job orchestration, ETL Pipelines building, Deploy, Reconciliation and data validation, contributing to efficient project delivery within Agile frameworks.

I have a proven track record of designing and developing ETL workflows, transforming SQL queries into Spark SQL code, and ensuring data accuracy through automated tests. My experience in collaborating with clients, along with strong problem-solving and project management skills, positions me as a valuable asset to BCG.

I look forward to contributing my skills in SQL, Python, AWS, Cloud Computing, PySpark, and more to enhance BCG's data engineering capabilities.

Thank you for considering my application.

Sincerely,

Aravind
