Searchability

IMPORTANT

Applicant Tracking Systems (ATS) are computers that process your resume to understand your work history and relevance to the job description. These findings typically include your work history, job titles, relevant skills and education, as well as contact information like your name, phone number, and email address.

Tip: Complete all checks below to ensure your resume is easily searchable by recruiters and ATS.

Adding this job's company name and web address can help us provide you ATS-specific tips.

We did not find an address in your resume. Recruiters use your address to validate your location for job matches.
The Big Data Engineer job title provided or found in the job description was not found in your resume. We recommend having the exact title of the job for which you're applying in your resume. This ensures you'll be found when a recruiter searches by job title. If you haven't held this position before, include it as part of your summary statement. Incorrect job title in the job description?
This job requires or prefers a Bachelor's degree. A Master's degree ✓ was found in your resume. Update required education level
✓ We found the work experience section in your resume.
ATS and recruiters prefer specific date formatting for your work experience. Please use the following formats: "MM/YY or MM/YYYY or Month YYYY" (e.g. 03/19, 03/2019, Mar 2019 or March 2019). We suggest updating these dates: View Dates
You are using a .pdf resume. Most ATS can process .pdf files but more accurately process .docx files. Consider using a .docx file instead. Your file name doesn't contain special characters that could cause
an error in ATS.Your file name is concise and readable.

Hard skills

HIGH SCORE IMPACT

Hard skills enable you to perform job-specific duties and responsibilities. You can learn hard skills in the classroom, training courses, and on the job. These skills are typically focused on teachable tasks and measurable abilities such as the use of tools, equipment, or software. Hard skills have a high impact on your match score.

Tip: Match the skills in your resume to the exact spelling in the job description. Prioritize skills that appear most frequently in the job description.

Soft skills

MEDIUM SCORE IMPACT

Soft skills are your traits and abilities that are not unique to any job. Your soft skills are part of your personality, and can be learned also. These skills are the traits that typically make you a good employee for any company such as time management and communication. Soft skills have a medium impact on your match score.

Tip: Prioritize hard skills in your resume to get interviews, and then showcase your soft skills in the interview to get jobs.

Other keywords LOW SCORE IMPACT

Other keywords are words included in the job description more than 3 times and not hard skills or soft skills. These words are typically buzzwords, industry lingo, or company specific jargon that may be unique to the specific company and help your resume get noticed. Other keywords have a low impact on your match score.

Tip: Spend less time including these in your resume on a case-by-case basis.
